

誠邀您參與免費的 活動和工作坊。 共同邁向更健康人生

「安康」健康網絡

interCultural Online Health Network (iCON)

「安康」健康網絡是由卑詩省大學醫學院數碼急救醫學部領導的項目，並由卑詩省衛生廳「患者為伴」計劃資助。「安康」健康網絡通過社區教育、知識分享及科技優化為卑詩省多元文化社區的成員、患者及護理人員提供的慢性疾病的預防和自我管理的資訊、詳細了解醫療系統以及如何運用數碼工具管理健康。歡迎您加入「安康」電子通訊，隨時接收更多活動消息，瀏覽YouTube頻道觀看過往線上研討會和講座影片。

iCON is an initiative led by **UBC's Digital Emergency Medicine** and we are proudly supported by the **B.C. Ministry of Health's** Patients as Partners initiative. iCON is a reliable and community-driven source of information and resources to support **multicultural communities** in chronic disease education, prevention and management. Health professionals from the communities provide health education in ways that respect the communities' different cultural needs. Join the **iCON newsletter** to receive event updates and visit our **YouTube Channel** to review the previous webinars.
