Case assumptions:

- Caregiver burnout
- Abuse and neglect
- Polypharmacy
- Dementia
- Capacity
- Depression
- Falls
- Frailty
- Driving
- Isolation
- ADLs
- Capacity
- Goals of Care
- Financial instability

Resources/Services:

- Social worker consult
- Geri psych
- Road test

Questions/Concerns/Limitations:

- Complex patient, needs lots of visits
- What patient wants vs what children want for themselves
- Family mediation/conflict
